

Whitby Lakes: Open Weekend 19th–20th September

The perfect retirement location

Life at Whitby Lakes is about feeling at home and enjoying an easy, well-connected lifestyle.

With the Whitby Shopping Centre right next door, everyday essentials are close at hand — from the supermarket and pharmacy to doctors, dentist and hairdresser — making day-to-day living easy and convenient. When you feel like getting outside, the lake and its scenic walkways are just moments away, perfect for a gentle stroll or a breath of fresh air. To further support residents, we also offer a free nurse-led clinic here at Whitby Lakes, adding another layer of care to village life.

Within the village, sunny, well-kept gardens create a relaxed, welcoming setting. A friendly community, a regular social programme, and facilities including a heated pool, spa pool and gym make it easy to stay active and connected.
